Standard Operating Procedure
Shooting Birds with Pellet Gun

1. Purpose

To set safe procedures for shooting birds or animals with a pellet gun.

2. Tools and PPE

A. Pellet Gun

B. PPE: Goggles, Gloves, HardHat, Safety Shoes.

3. Procedures

A. Review work request, contact requestor, notify the police department before carrying **the gun** into work area.

B. At the beginning of job (**Pigeon Shooting**) take the **pellet gun** out of a locked storage cabinet located in tool room Bldg. 634. Inspect (**gun**) equipment (make sure it is unloaded) carry the **pellet gun** to truck, lock in a safety box, then drive to the job site.

C. Coordinate with requester and make sure that the people in the buildings are aware of your presence with the **pellet gun**.

D. Inspect the area of control, make sure it is clear of other workers and equipment that could get damage.

E. Shoot pigeons, double bag and dispose of them in a sanitary land fill.

F. At the end of the day, re-inspect **gun** and make sure it is unloaded, take the **gun** back to Bldg. 634 tool room, check it in and lock it in the storage cabinet.
